Strengthening Primary Care Loan Program – 2019

- Low-interest rate loans to expand and strengthen primary care in low-income or rural communities across Colorado
- Made possible with support from The Colorado Health Foundation

Low-Interest Loans:
Loan Amount: $500,000 – $4,000,000

Eligible Projects:
Funding under this program can be used for:
- Facility acquisition, construction, renovation or expansion
- Working capital needed for expansions or new programs

When to be in touch?
V-Cap encourages potential borrowers to talk with us early as you plan a project, even if the need for debt financing is not yet defined.

A limited pool of low-interest loans is available under this program. All loans require underwriting and credit approval.
